Pains Stopped in this way

Remember this when you feel a pain. Millions have learned how to stop it at once. For 65 years they have done so by rubbing with St. Jacobs Oil. All the pains allied with rheumatism, with soreness, backache or lameness. And chest colds are checked at the start. Just rub the sore spot with St. Jacobs Oil. It causes counter irritation. Or it relieves the congestion by bringing the blood to the surface. Then the pain is ended, and you can wait in comfort while Nature cures. Now there are several ways offered to do this. But remember that St. Jacobs Oil has for 65 years stood the test. It has proved itself to millions. Nobody has ever found anything better, and nobody ever will. Don't wait until the pain starts. Keep St. Jacobs Oil on hand. It may save nights of suffering. Rub the sore spot as soon as a pain appears, or a chest cold. Get relief at once. Think what protection this means to you, and the cost is only 35 cents.
